

Wednesday Earth Wisdom

Wednesday, June 8

Message From Reclaiming Earth Committee – Wednesday Earth Wisdom:

The first anniversary of *Laudato Si'* is just around the corner: Saturday June 18. A global celebration titled *Laudato Si'* week is planned for June 12-19.

Many parishes and organizations are planning activities of “reflection, inspiration and transformative action.” To access the global celebration, please visit laudatosiweek.org.

Catholic Climate Covenant is also planning a social media action. Learn more here: catholicclimatecovenant.org.

You can find something for everyone to celebrate this historic encyclical. What are your plans to celebrate?
