Message From Reclaiming Earth Committee – Wednesday Earth Wisdom:

As we listen to the TV news and read our newspapers, we comment on how our world, our lives have become increasingly violent. Murder and mayhem are unfortunately becoming the norm.

Generations of violating creation have set a paradigm shift that sends a message that it is okay to destroy.

Francis says in Paragraph 117 that:

Neglecting to monitor the harm done to nature and the environmental impact of our decisions is only the most striking sign of a disregard for the message contained in the structures of nature itself... When we fail to acknowledge as part of reality the worth of a poor person, a human embryo, a person with disabilities — to offer just a few examples — it becomes difficult to hear the cry of nature itself; everything is connected.
