

# Wednesday Earth Wisdom

**Wednesday, June 14**

## **Message From Reclaiming Earth Committee Wednesday Earth Wisdom:**

For many people around the globe, this is *Laudato Si'* week, celebrating the second anniversary since the release of this important document.

The Global Catholic Climate Movement has taken a global lead to respond to the call to action that the encyclical inspires. Over 400 Catholic organizations, including the Sisters of Providence, UNAN-IMA International, Adrian Dominicans, and CSJP Leadership are working to “respond to climate change.”

In *Laudato Si*, 14, Francis writes, “Everyone’s talents and involvement are needed to redress the damage caused by human abuse of God’s Creation.”

Possibilities for action can be found at [www.catholicclimatemovement](http://www.catholicclimatemovement).

At the website will be found nine different suggestions for positive action. If you aren’t involved already, take a close look to see where your time might be used in promoting climate action. Even if you are already involved, take another look.
